COMPARISON MATRIX
PERSONAL COLLABORATION

Enhance every opportunity for collaboration with HD-quality video in any workspace—in the office or while working remotely. Logitech business webcams are certified for leading business software applications, so you can be sure they integrate seamlessly with what you already use.

LOGITECH BUSINESS WEBCAMS

Logitech business webcams offer high-precision optics with autofocus for remarkable resolution and clarity to help you look your best. With Logitech RightLight, you can be seen clearly in low light and bright sunlight. Plug-and-play compatibility means your webcam is simple to use out of the box and performs seamlessly with virtually any video conferencing software. All Logitech business webcams include three-year warranties and our top-of-the-line models have the ability to update firmware[1] in the field.

LOGITECH WEBCAMS FOR BUSINESS

Logitech business webcams are compatible with most common operating systems including *Mac* and *Windows*. They are Certified for *Microsoft Teams*[2], *Google Meet,* and *Zoom*[3] and built for enhanced integration with Logitech Collaboration Program members.[4] In addition, Logitech offers firmware update support for I.T. peace of mind.[1] Brio can even integrate with *Microsoft Windows Hello* to log onto computers using facial recognition—no passwords needed.
