NOTIFICATION OF CLAIMS & WARRANTY SERVICE: If Purchaser believes that the Product is defective in material or workmanship, then written notice, with an explanation of the claim in reasonably sufficient detail, shall be given promptly by Purchaser to Sony. All claims for warranty service must be made within the warranty period. If after investigation Sony determines that the reported problem was not covered by the warranty, Purchaser shall pay Sony for the cost of investigating the problem at Sony’s then prevailing per incident billable rate. No repair or replacement of the Product or part thereof shall extend the warranty period in respect of the Product as a whole. The specific warranty on a repaired or replaced part shall be in effect for (a) a period of NINETY (90) DAYS following the repair or replacement of that part, or (b) the remainder of the warranty period applicable in respect of the Product as a whole, whichever period expires first.

Damage sustained in transit or shipment of the Product will not be repaired under warranty. Following an evaluation or repairs made to a Product under warranty, Sony will return the repaired Product freight prepaid to Purchaser. Sony is not obligated to provide Purchaser with a substitute unit during the warranty period or at any time. For an additional fee, Sony field service and support at Purchaser’s location is available to Purchaser at Sony’s then prevailing per incident billable rates and related costs and expenses for such service, subject to availability.
