

# Sony Alliance Partners

Sony works closely with top companies to add even more value to our industry-leading AV products and solutions. Whether it's configuring a digital signage network, connecting participants using video collaboration, or outfitting a room for device management and automation — Sony is committed to helping you.

For applications in corporate, education, government, healthcare, faith, retail, entertainment, transportation and more, we can help curate an entire AV ecosystem with high-quality products and best-in-class partners. Our goal is to make your life easier, enabling you to optimize AV solutions from one proven and trusted source. Discover who we're working with to create exciting new connected audio-visual experiences with simplified integration and lower operating costs.

## Software Partners

Open API's and familiar Android-based Operating System provides a familiar, fertile platform for a broad range of software applications in Digital Signage, IPTV, Video Collaboration, AV Control, and IT Device Monitoring & Management Solutions.

## Hardware Partners

Complimentary components to any Sony Professional products project, ranging from Touch-Interactive, Kiosk Enclosures and a broad-range of screen mounting solutions.

## Channel Partners Like ADI

Our Distributors, System Integrators, Managed Service Providers and Value-Added resale experts are trained in Sony's Professional range of products and trusted to design, build, and manage complex integration technology solutions.

## Consultants

Industry experts that understand technology integrations, device life-cycle management and business ROI projections to help arrive at the best solution recommendations for your business environment.
