

# Axis end-to-end surveillance in 4 simple steps

1

## Design your solution

Which areas within your customer's business do they have concerns about? Whether it's entryways, registers, back offices, or loading and delivery areas - there is an Axis video management solution for every need.

Design any surveillance system - large or small - according to your customer's needs with AXIS Site Designer. The integrated product selector and recording product selector lets you add all the products you need for a complete end-to-end solution. Plan camera placement and coverage easily in an intuitive map-view.

Generate a detailed quote and bill of materials in minutes - and update quickly for faster turn-around to the customer.

## Add devices

### Network cameras

There is an Axis camera to suit every need. Robust outdoor cameras or discreet products for sensitive environments, we offer it all.

### Door stations

For management of entryways; these devices offer video surveillance, two-way communication, and remote entry control.

### Audio

Improve security on your premises with event-triggered announcements and direct callouts. Play background music and make live or scheduled announcements.

### Radar\*

Security radar for accurate detection in outdoor installations, and to minimize false alarms.

### Access control\*

Combined with the AXIS A1601 Network Door Controller, AXIS Camera Station includes AXIS Camera Station Secure Entry, giving you unified video surveillance and access control in one unified interface. For a simpler solution, you can use AXIS Entry Manager with our AXIS A1001 Door Controller.

## Get the right recording solution

Whether you need the simplicity of AXIS Companion or the power of AXIS Camera Station, we have options for you. With two video management software options and Axis network video recorders you get an easy-to-install and reliable solution tailored to your customers' needs that are perfectly adapted to the wide range of Axis products. How many channels does your customer need? Does your customer need a PoE switch? Pick the recorder with enough channels to accommodate your customer's cameras and other devices.

### AXIS Camera Station S11 Recorder Series\*

Out-of-the-box ready recording solutions with AXIS Camera Station licenses preloaded.

### AXIS Camera Station S22 Appliance Series\*

All-in-one recorders with integrated PoE switch with AXIS Camera Station licenses preloaded.

### AXIS S30 Recorder Series

Use with AXIS Companion or to expand your existing AXIS Camera Station installation.\*\*
