

FIRE ALARM SYSTEMS. POWERED BY PARTNERSHIP.*

In fire safety, what most people see are fire panels and alarms, but it's the dedication and expertise behind those technologies that can make the difference.

As a leader in fire safety, at Kidde Commercial, we don't just build fire alarm systems – we build partnerships. With powerful, intuitive technology and expert, hands-on support and training, we make it easy to install, maintain, and operate our systems with complete confidence.

FIRE ALARM SYSTEMS. POWERED BY PARTNERSHIP.*

SUPPORT YOU CAN COUNT ON.

Whether you're quoting a new job or tackling a complex install, we'll be right there with you. Our experienced technical specialists are available 24/7, while our in-field district managers offer local, hands-on support. For technically demanding applications, our professional services team provides expert guidance.

DESIGNED FOR SIMPLICITY. MADE TO PERFORM.

Our latest generation of panels is designed to streamline every step – from installation to maintenance. With intuitive interfaces, robust scalability, and advanced efficiency capabilities like electrical mapping, your teams can work faster, troubleshoot smarter, and move on to the next job with ease.

TAILORED TRAINING. BUILDING EXPERTISE.

We'll help accelerate your business by growing the technical capability and confidence of your team. With training that's tailored to every skill level – from core system knowledge to advanced integrations like networking and mass notification – we ensure your technicians develop the skills and expertise they need to operate at peak performance.

COST-EFFECTIVE BY DESIGN.

Our systems feature backward compatibility, streamlined wiring, and energy-efficient devices to cut labor and material costs, so you can bid smarter, deliver faster, and grow bigger.

LET'S WORK TOGETHER TO GROW YOUR BUSINESS.
