

# Video + Audio = Active Deterrence

Add network audio to your security system to transform a passive, reactive solution into a proactive deterrent.

## 1 SEE it with cameras

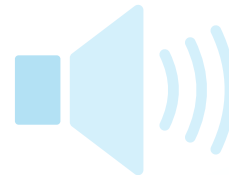

Axis IP cameras are the “eyes” of the system.

- ✓ Monitor activities and deter incidents
- ✓ Trigger deterrence and responsive messages
- ✓ Reduce crime with spoken response from an audio device
- ✓ Make smart decisions about operations and resource allocation

## 2 SAY it with audio

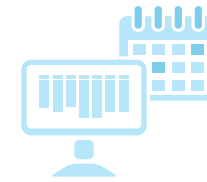

Axis network audio is the “voice” of the system.

- ✓ Transform your security system from a reactive forensic system to a proactive deterrence solution
- ✓ Emit alerts and announcements to help prevent trespassing, loitering, theft and other threats
- ✓ Broadcast live or scheduled announcements and music

## 3 DO it with analytics

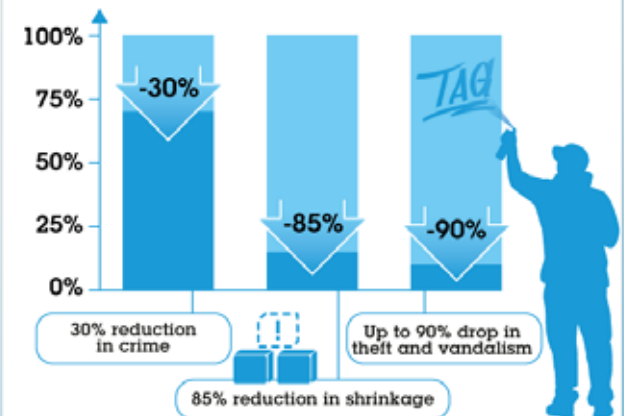

Combine video and audio analytics for increased security, safety and ROI.

- ✓ Save time, money and improve safety with analytics integration
- ✓ Reduce vandalism and theft
- ✓ Provide mass communications
- ✓ Decrease costly intervention by guards and police
- ✓ Deliver an immediate response to deescalate and deter an event before it occurs

### How has this worked for our customers?

Our customers have seen less crime by adding audio to their current video surveillance system.

## Network audio portfolio - Speakers

### AXIS C1310-E Network Horn Speaker Product #01796-001

#### outdoor (IP66 Et 67)

- > 121dB SPL
- > coverage pattern 70° horizontal by 100° vertical (at 2 kHz)
- > SIP, ACAP, VAPIX, PoE
- > temperature rating -40F to 140F

### AXIS C1410 Network Mini Speaker Product #01916-001

#### indoor / surface mount

- > 90dB SPL
- > coverage pattern 145°
- > small, flexible and affordable
- > PIR sensor
- > SIP, ACAP, VAPIX, PoE

### AXIS C1004-E Network Cabinet Speaker Product #0833-001 White Product #0923-001 Black

#### indoor wall or surface mount / outdoor protected

- > 96 dB SPL
- > coverage pattern 130°
- > black and white
- > SD card slot
- > SIP, ACAP, VAPIX, PoE

### AXIS C2005 Network Ceiling Speaker Product #0834-001

#### indoor / recessed mount

- > 95 dB SPL
- > coverage pattern 130°
- > ceiling mount
- > SD card slot
- > SIP, ACAP, VAPIX, PoE

## Network audio portfolio - Migration devices, accessories and software

### AXIS 2N SIP Mic Product #01208-001

#### indoor

- > microphone
- > SIP, VAPIX, PoE
- > standalone or with Audio Manager Pro
- > 2 I/Os

### AXIS C8033 Network Audio Bridge Product #01025-001

#### indoor / wall or surface mount

- > microphone or line-in / line-out
- > SIP, VAPIX, ACAP, PoE
- > small, encoder/decoder
- > SD card slot / 2 I/Os

### AXIS C8210 Network Audio Amplifier Product #01558-001

#### indoor / wall or surface mount

- > microphone or line-in
- > SIP, VAPIX, ACAP, PoE/PoE+
- > 15W power amplifier with DSP
- > passive speakers
- > SD card slot / 2 I/Os

### AXIS Audio Manager Pro C7050 Product #01519-004

#### indoor

- > IP sources
- > AES67, SIP
- > advanced features, no licenses
- > internal storage, Windows OS
- > software e-license only also available  
- product #02062-001

#### KEY

SIP - Session Initiation Protocol  
PoE - Power over Ethernet

ACAP - Axis Camera Application Platform  
VAPIX - Axis Application Programming Interface
